**CHRISTMAS BAZAAR** committees had their first meeting of the school year. Nancy Flook reported booths are filling up at a typical pace for this time of year. She continues to get requests every day for information about booth space.

**Co-Chairs are still needed for two areas: Booths and Kids Corner.** The Co-Chair fills the duties as the chair for the next bazaar. Please contact Julie Paxton (paxton1985@att.net) if you would like to volunteer.

A job that did not make it on our volunteer sign up sheet is workers the morning of the bazaar to help booth vendors carry in their materials. This shift begins at 7am until 9am. Anyone up for the work should let Julie know.

**CARDINAL CLUB ~** Hey parents! Are you looking to **Choose Academic Resources Drive Intelligences, Needs & Attitudes** for **Learning Success** in your child? Then you may want to check out the Cardinal Club. Mrs. Master, Mrs. Moore and Miss Klinker have been staying after school to monitor a study hall program on Tuesday, Wednesday, and Thursday. The kids bring all their homework and have a teacher on hand to help if they get stuck while working on their homework or project.

This program is open to all grades. If you are interested in more information, please contact one of the teachers listed above.

**GRANDPARENT'S DAY** was Friday, September 11 and it was such a great day! So many grandparents were able to join us for Mass and coffee and doughnuts afterward. We asked grandparents to use the sheets provided at their tables to write down their memories of when they were in school. The memories were so wonderful we want to share them with everyone.

I stared out t Sacred Heart in the old school building before this one was built. Every First Friday after mass everyone got to go to a room that I believe was in the basement and have donuts and hot chocolate. Toward the end of every school year we would have "field day". I think it was on the last day of school. After mass we would clean desks, erase marks in all of the school books and get them put away. The rest of the day we had lunch outside and then were free to play. Every class had about 25-35 students. We went to mass every day. When they built this school, par of the classes had to go to the public school that year, mostly the younger grades. I was in 4<sup>th</sup> grade, but our class was in the basement of the convent (annex). We were with the 5<sup>th</sup> graders, which made about 60 kids with 1 teacher!

*Lynn Strasburger/McKannah & Johanna Strasburger*

When I was in second grade our school was built on a hill and our teacher let us bring our sleds in the winter so we could use them during recess. I was so proud because our sled could fit 4 kids. Later, when I grew up it was funny how small that sled really was.
